Overview

Academic Libraries Overview

Welcome to the IPEDS Academic Libraries (AL) survey component. The purpose of the AL component of IPEDS is to collect information on library collections, library staff, library expenses, and library services for libraries in degree-granting postsecondary institutions.

Data Reporting Reminders

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCEC expects that some data reported during the 2021-22 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.
- Report all data for fiscal year (FY) 2021. Fiscal Year 2021 is defined as the most recent 12-month period that ends before October 1, 2021, that corresponds to the institution's fiscal year.

Changes to reporting for 2021-22:

There are no changes to this survey component.

Coverage

Include data for the main or central academic library and all branch and independent libraries that were open all or part of the Fiscal Year 2021. Branch and independent libraries are defined as auxiliary library service outlets with quarters separate from the central library that houses the basic collection. The central library administers the branches. Libraries on branch campuses that have separate IPEDS unit identification numbers are reported as separate libraries.

Summary

Academic Libraries Component Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2021.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Edit Report

Academic Libraries

Source	Description	Severity	Resolved	Options
Screen: Collections/Circulation/Interlibrary Loan Services and Staff				
Screen Entry	The number entered (19,514) is outside the expected range of between 36,501 and 67,787 compared to the prior year value. Please correct your data or explain. (Error #15015)	Explanation	Yes	
Reason	Due to pandemic, Main Campus opened Fall 2000 at limited capacity. Library hours/services were limited throughout FY 21. Main Library was not open for general use; circulating materials were only available through paging and holds program. Service hours for other campus locations were reduced. No access was to collections for non-campus affiliates. With the Main Library collection less accessible, we had significantly less circulation.			
Screen Entry	The number entered (15,458) is outside the expected range of between 18,795 and 34,905 compared to the prior year value. Please correct your data or explain. (Error #15015)	Explanation	Yes	
Reason	We believe the decrease was due to a general decrease in returnable collections use due to pandemic concerns about virus transmission, as well as limited access to the facility. Main Campus opened Fall 2000 at limited capacity. Hours/services were limited throughout FY 21. Main Library was not open for general use; circulating materials were available through paging and holds program only. Service hours for other campus locations were also reduced. Because the collection was less accessible we filled fewer loan requests. This was a common phenomenon across the country, especially during early pandemic days when it was unclear whether it was safe to handle physical items.			
Screen Entry	The Student Assistants(17.01) is outside the expected range compared to Student Assistants reported in the prior year(27.32). Please correct your data or explain. (Error #15815)	Explanation	Yes	
Reason	Hours/services were limited throughout FY 21. Main Library was not open for general use; circulating materials were available through paging and holds program only. Service hours for other campus locations were reduced. Because Main Library was essentially closed for much of the FY and since that is also an employment site, we had less need for student workers. Some student work is also tied to collections, for which there was limited accessibility.
