5. In “Select Category”, click UAccess Analytics
6. Select the type of access required
7. Select the permission level and click Add to List
8. Enter the business justification
9. Click Submit
10. Wait for the request to be approved
11. Start your data journey!

PROVISIONING TERMS

APL (Access Provisioning Liaison)
These are individuals who review and approve requests on the authority of their department.

Access Roles
Access Roles determine the extent of data you’ll be able to view in UAccess Analytics. Your Access Role is dependent on the needs of your job. Find the catalog of roles on the Access Flow homepage under “Search Roles List.”
